

The Children's Corner

Join Ms. Kathy online at 7 pm on Thursday nights for the reading of an especially funny book called. "The Plant That Ate Dirty Socks" by Nancy McArthur.

It is a delightful tale about two brothers, Michael and Norman who grow some mighty strange plants with an even stranger appetite for dirty socks.

Join us on Facebook Thursday Nights at 7 pm as we continue the story of The Plant That Ate Dirty Socks at **FaithChurchFortMyers**

Do you know where your dirty socks are?

Did you get your FLAT PASTOR?

Flat Pastor is a fun summer project for kids. Every week I will give you a photo challenge or some task to complete with your Flat Pastor where you can then post your pictures on our Facebook page for points! At the end of the summer we will be giving away Flat Pastor Awards for the most points.

Our first challenge was to take a picture of you and Flat Pastor with your favorite hat. . **Our current challenge is take a photo of you and your Flat Pastor saying your bedtime prayers together!** Take your pictures, and have some fun. (Feel free to be creative and send some extra credit pictures of your Flat Pastor having some summer fun..... No swimming though, she's not a good swimmer!

In light of the current pandemic and threat of the coronavirus our 2020 Summer Camp Program has been canceled.

That means that we will not be running the camp that we all love and hold close to our hearts this year. It was a painful decision, but it was done in the best interest of the students, their families and our staff.

Little kids love to be close to their friends, and staying 6 feet apart, wearing face masks, and not even being able to share a crayon with your friend, or join as a large group for games, prayer or music would have taken the Camp out of Camp.

We will emerge **2021 STRONG!** If you have donated to Camp this year we will emerge out of this time of uncertainty and award scholarships to the students that you have sponsored. Your gifts will still be awarded to the students in need, and we will only need to earn 1/2 of the funds we normally would need to earn next year because of your generous and giving hearts.

This was a painful decision, but it is the right thing to do. The safety of the students has to be number one. We pray that the medical professionals will find the right drugs to treat this virus, or a vaccine to prevent it so the kids can be kids again and come together to Worship, sing, and have life changing summer fun.

Thank you for your support of this Children's Ministry Summer Program, and please continue to pray for our young friends as they and their families navigate through this time of uncertainty and that they stay well.
